

Deer Hunter 2005 Cheats

Deer Hunter 2005

Cheat Codes:

Submitted by: conner54

Cheat mode:

To enter a cheat code, you need to enter a single-player map, as cheats cannot be enabled in multiplayer. Press the tilde key (~ or the key above TAB). A chat window will appear. Enter the same code again to deactivate the cheat. Enter the following codes:

Code	Result

/cheataliens	- Shows all animals on your GPS.
/cheatdaredevil	- Prey is passive (won't run from you).
/cheattheflash	- Move at lightning speed.
/cheatshine	- Sun shines brighter.
/cheatrainman	- It begins to rain.
/cheatmatrix	- When you shoot, you will follow the bullet in bullet-mode.
/cheatpredator	- When you look through a scope, you will see your prey in thermal mode.
/cheatdhrambo	- Your shots become more accurate.

Bronze Grand Slam trophy:

Shoot one buck from each species.

Gold Grand Slam trophy:

Shoot one world record buck from each species.

Shoot ten bucks with each of those weapons.

Gold skin pump shotgun and rifle, muzzleloader, single
shot rifle, crossbow, and double-barreled shotgun:

Shoot fifteen bucks with each of those weapons

Hint:

Submitted by: robu

* You can climb all the hills with the ATV (don't try with the truck, SUV or snowmobile) but be careful when you go down on hill don't go directly down try to go in diagonal and don't press the brake or the acceleration button.

* If you want to go down the hill crouch and you will go down slowly don't try to push the backward button because you will die and you can take everything from the begining.
